

## **Selection Process/Rules:**

- MAD District Senior Quartet Champions
- MAD International Senior Quartet Representative(s) to the following year's International Senior Quartet Contest at BHS Mid-Winter Convention

The District Seniors Quartet contest will take place at a Spring contest designated by the Vice President, Contest and Judging. Senior quartets wishing to qualify for the International Mid-Winter Senior contest may compete at any/all Spring contests. They may also elect to compete for an invitation to the District contest along with all other quartets.

Past MAD Senior champion quartets are not eligible to compete for the District Senior Quartet Championship. However, a new quartet of not more than two members of the same championship quartet may compete for the District Senior Quartet Championship, provided entry is made under a different quartet name.

Selection of the MAD Senior Quartet Representative(s) to the International Senior Quartet contest at Mid-Winter is as follows:

- Compete with 2 songs in any Spring Contest
- The highest scoring senior quartet from the Spring Contests will be named the MAD representative to the subsequent International Senior Quartet Contest held at the BHS Mid-Winter Convention.
- Other MAD senior quartets that compete but are not selected as the highest-scoring senior quartet will be considered for participation at the International Senior Quartet Contest at the Mid-Winter convention via the established BHS international senior quartet competition's "wildcard" process.
